4. If you click any picture of movie, you will go to “video” page, you can watch and review movies in here but only after login in. When you want to review the movie, you also need choose the rating marks from 1 to 10. After you finish it, the review table will show on bottom. The average rating will change as well at right-top of this page.

Before review:

Rating is 7.4 before review

The screenshot shows a movie player interface. At the top, there's a navigation bar with 'Genres' and a search bar containing 'Rayfilx'. A red circle highlights the text 'The Rating: 7.4' located in the top right corner of the player. Below the player is a form for leaving a review. It includes a dropdown menu set to '1', a text input field containing 'it is very good', and a purple 'Submit' button. The video player itself displays a blurred image of a futuristic cityscape at night.

After review:

Rating is 5.8 before review

This screenshot is identical to the one above, showing the same movie player interface and review form. However, the text 'The Rating: 7.4' in the top right corner of the player has been replaced by 'The Rating: 5.8', indicating that the average rating has changed after a review was submitted. The rest of the interface, including the review form and the blurred movie image, remains the same.
